

Traditional Diet - (Targets Only Fat)

Body Encapsulates & Stores Pollutants & impurities in Fat to Protect itself from them

Smaller Body Means Increased Percentage of Impurities

Body Senses Increased Level of Impurities and goes into Emergency Fat Production - **REBOUND**

Your whole body benefits from this new system. Rather than being starved, your cells are satisfied with rich, healthy superior nutrition, giving them the resources to eliminate harmful toxins as well as to function optimally with their ability to instinctively shape the body to its correct shape - known as "BLUEPRINTING".

Instinctive Cellular Blueprinting
